

Each ticket sold will provide 2 local kids with needed school supplies for a year!

4 Colorado Kids  
**ERASE  
THE NEED**  
4COKids.org

At 4 Colorado Kids our mission is to partner in making lives better for local children, so they can thrive. We seek to help children feel empowered to achieve success in academics and life overall. 4 Colorado Kids is a non-profit organization sponsored by WellCare, Inc., thus 100% of your donation goes directly to 4 Colorado Kids' programs, rather than overhead.

**Why support Erase the Need?**

Showing up on the first day of school without the proper tools can make children look and feel different from their classmates, which can be very embarrassing and stressful and does not set students up for success. The Erase the Need program provides brand new backpacks filled with school supplies, so children can show up to school ready to start the new year on the same level as their peers and excited to learn. The program also supports *local teachers* while they support our students. Teachers spend an average of \$530 of their own money per year on school supplies for the students in their classrooms. The Erase the Need program provides teachers with the resources they need for these students. The program can even directly link community members who wish to help, with the individual teachers and schools who need it most. Thank you for your willingness to partner with 4 Colorado Kids to Erase the Need!!
